Sights, Sounds, Senses in Step with Reading. Third Grade.

Cedar Rapids Community School District, Iowa
Spons Agency- Office of Education (DHEW), Washington, D.C.
Pub Date 68
Grant OEG-3-7-703316-4983
Note 41p.
EDRS Price MF-$0.25 HC-$2.15
Descriptors- American Indians, *Bibliographies, Biographies, *Books, Engines, Fantasy, Fiction, *Films, *Grade 3, History, *Phonograph Records, Poetry, Recreation, Sciences, Transportation

This ESEA Title III bibliography presents books, films, filmstrips, and records that correlate with stories from selected third-grade basic reading books. The list of books is prepared from the suggested lists of the Ginn, Houghton Mifflin, Lippincott, and Scott, Foresman reading series. The bibliography includes sections about animals and birds, poetry and song, fantasy, fiction and adventure, holidays, Indians, and history. Also included are sections about machines and transportation, natural science, life in the United States, recreation, American biography, workers, sports, and space and science fiction. The selections are listed alphabetically by author within each section. (RT)

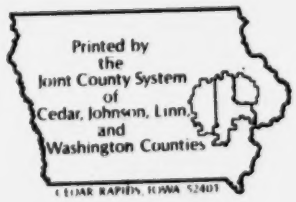
Cedar Rapids, Iowa

1968-1969

The work presented herein was performed pursuant to Grant No. OEG-3-7-703316-4983 from the U.S. Office of Education, Department of Health, Education, and Welfare with the cooperation of the Joint County System of Cedar, Johnson, Linn, and Washington Counties.



SUGGESTIONS FOR ENRICHING THE READING PROGRAM

May Hill Arbuthnot in Children and Books says:

"Books are not substitutes for living but they can add immeasurably to its richness. When life is absorbing, books can enhance our sense of its significance. When life is difficult, they can give us momentary release from troubles or a new insight into our problems, or provide the rest and refreshment we need. Books have always been a source of information, comfort and pleasure for people who know how to use them. This is true for children as for adults."

This bibliography of children's books for various grade levels has been prepared from the suggested lists of the Ginn, Houghton Mifflin, Lippincott and Scott, Foresman reading series. It is hoped that this list will also be of great help to teachers who use reading series other than those named.

Most of the books, films and records suggested will be found in the Educational Media Center of the Joint County System of Cedar, Johnson, Linn and Washington Counties. If the teacher as a user checks the catalogues and library card files carefully, she should be able to locate most of these materials. The filmstrips suggested may be in the local district curriculum library; otherwise, the local district budget may need to provide for these materials.

Unless teachers make reading more than just a routine teacher-directed activity, children will not enjoy reading. It is the responsibility of educators of the 1960's to make reading alive and important to children. This can be done by many activities. Some of the most important are reading aloud to children and using many of the modern media suggested here. The importance of the teacher's reading aloud to all of the children cannot be overemphasized. Some time each day should be provided for this activity.

These lists have been provided for teachers of Area X. How they are used will depend on the teacher's creativity and resourcefulness.

John H. Messerli
